

Environmental policy statement

Introduction and Aim

Agrovista UK Ltd (the Company) is part of Marubeni Europe plc and is a supplier of agronomy advice, seed, crop protection products and precision farming services and associated products, with depots and regional agronomy centres throughout the UK. We recognise that our operations result in emissions to air and water, and the generation of waste. It is our aim to commit to pollution prevention, comply with legislation and other requirements, continue to reduce the environmental impacts of our business and operate in an environmentally responsible manner. This policy describes how we will achieve our aim.

Responsibility

This Environmental Policy Statement applies to all of our operations including management, office and sites, site operations, procurement, agronomy and sales. The Leadership Team has overall responsibility for ensuring that sufficient resources are made available to enable the business to achieve our environmental objectives and targets and that the policy is implemented. The ISO 14001:2015 Environmental Management Review Team has the day-to-day responsibility for ensuring that the requirements of this policy are being followed and for monitoring the effectiveness of the objectives. However, all employees have a responsibility in their area to ensure that the aims and objectives of the policy are met.

Objectives

During 2026 we aim to:

- Adopt high levels of environmental standards in all areas of operation, meeting all relevant legislative requirements as a minimum
- Meet our duty of care requirements in relation to waste by ensuring the safe keeping, transportation and subsequent recovery or disposal of waste
- Make efficient use of natural resources by conserving energy and water, minimising waste and recycling where possible
- Keep transport use to a minimum and regularly service vehicles to maintain their efficiency
- Where confidentiality allows, work with suppliers to ensure they recognise and reduce the environmental impact of their products and transportation
- Include environmental considerations in investment decisions for new plant, equipment or working practices
- Inform and train all employees of the company's environmental objectives and how they can assist in meeting targets

Targets

To achieve our aims, we have set ourselves the following targets to reduce vehicle emissions to air by the scheduling of deliveries to reduce mileage and servicing all vehicles:

- Minimise the generation of general and hazardous wastes
- Recycle/reuse paper, cardboard, plastic and metal waste to meet government targets
- Reduce energy consumption by monitoring energy usage
- Annual management review of this environmental policy and any associated environmental procedures
- Regular internal audits of environmental procedures
- The monitoring of environmental objectives and associated KPI's/targets
- Bi-annual management review of the environmental management systems

Communication

This Environmental Policy Statement is available on the company intranet and website. All relevant staff will receive training on the environmental responsibilities of their role and will be informed of any updates or revisions.
